IM

# Inception

- First, we try to extend the project in the city to see how society reacts to the product.
- We give people what they need. You do not like to spend hours to look for work in social chat? Here is solving the problem!

# The number of vacancies for years

# Summary

- number of applications for small jobs by 2016  
small number of
- applications for small work after 2016
