

Sochi

- Sochi is the summer, sea, vacation, ski capital of Russia and the main resort of the country

We advise you to visit Sochi National Park

- Most of the 190,000-hectare park is occupied by forests. For tourists, a visit to the area of 13,000 hectares is available. The uniqueness of the park is the combination of natural areas on its territory. There are subtropical plants, snow-capped mountain peaks, mountain rivers and landscapes with relict plants. Tourists can explore hundreds of waterfalls up to 72 meters high, ancient dolmens, mineral springs, arboretum.

If you like to have fun then don't miss the Sochi Park amusement park

A popular amusement park, made in the style of Russian folk tales. The hotel complex in the park resembles a magic palace. The area of the park is more than 20 hectares, dozens of unusual attractions made by European companies are located on its territory. The most popular attractions are the extreme Snake Gorynych slide, the Quantum Leap roller coaster, the Firebird free fall tower with a height of 65 meters.

If you are keen on Formula 1 racing then don't miss the Sochi Autodrom

A modern race track, which is one of the venues for the Formula 1 Grand Prix. The track has a length of 5848 meters, has 650 meters of turns and a section with a negative slope. There are several stands equipped for spectators, from which different sections of the track are visible. Races are additionally broadcast on large video screens. There is a go-kart center with maps that have powerful engines.

If you like to observe marine life, then we advise you to visit the Sochi Aquarium

В океанариуме площадью 6000 м² обитает около 4000 рыб 200 разных видов. Для обитателей построено 30 аквариумов разных размеров, установленных в тематических зонах для морских и пресноводных рыб. У аквариумов расположены информационные стенды с рассказом о каждом виде рыб. Есть открытый водоем с карпами, этих рыб посетители могут самостоятельно кормить. В океанариуме живут акулы – ковровые и рифовые, морские коньки. Источник: <https://must-see.top/dostoprimechatelnosti-sochi/>

We would like to advise you to the AJ Hackett Sochi Skypark

this format in the country. Its main feature is a pedestrian bridge with a length of 439 meters, laid over the Akhshtyr gorge. From the height of the bridge at 207 meters, a wonderful view of the Black Sea coast and the Caucasus Mountains opens. The park is equipped with several platforms for bungee jumping, trolls, developing speeds up to 120 km / h at an altitude of 200 meters, swings with a span of up to 500 meters.
