## «Правописание безударной гласной в корне слова»

**1-2 КЛАСС**

**Мой дорогой друг!**

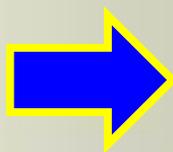

Отправляйся в путь вместе с Пишичитаем по страницам книги. Листай странички, вставляй пропущенную безударную гласную, подбирая проверочные слова. Ответ верный – буква увеличится, а неверный – буква исчезнет. Переход к следующему заданию по стрелочке. Желаю удачи!
