**Тема:** Повторение лексического материала по теме «Каникулы: путешествия».

Просмотреть презентацию и повторить лексику по теме «Каникулы: путешествия».

# **Antarctica**

Antarctica is the Earth's most southern continent located at the South Pole.

About 98 percent of Antarctica  
is covered by ice.

- There are no trees or bushes that grow in the Antarctica, only moss and algae.

- Whales, seals and birds live in the waters and coastal areas of the Antarctica.

- Penguins are the most famous inhabitants of the Antarctica.

- These birds can't fly and live on the ice sheets and coastal waters.

Global warming  
and pollution are  
threatening this  
precious ecosystem.

- Before the 1960s there was no regulation or protection of Antarctica.

- The Antarctica treaty now protects all the animals and plants there and prohibits pollution in the area.

- Pollution of the sea is prohibited and no Antarctica animal can be captured or hunted. .

- Special permits are given to visit the area to those that are approved by the treaty.
