# Общая характеристика

The screenshot shows the SecurityFocus website interface. At the top, there is a navigation bar with the SecurityFocus logo and links for 'About' and 'Contact'. Below this is a banner for 'Symantec Connect' with the text 'A technical community for Symantec customers, end-users, developers, and partners.' and a link to 'Join the conversation'. The main content area is titled 'Vulnerabilities' and contains a list of security advisories. Each entry includes the vulnerability title, the date (2016-02-24), and a URL to the full advisory on the website.

# База уязвимостей BugTraq

**Bugtraq** —  
модерируемый список  
рассылки об уязвимостях в про  
граммном обеспечении.

Название происходит от  
выражения «bug track» —  
отслеживание багов.

# Фрагмент окна с примером описания уязвимости Bugtraq 77270

The screenshot shows a web browser window with the address bar containing [www.securityfocus.com/bid/77207](http://www.securityfocus.com/bid/77207). Below the address bar are navigation tabs for 'info', 'discussion', 'exploit', 'solution', and 'references'. The main heading is 'Oracle Java SE CVE-2015-4893 Remote Security Vulnerability'. The page lists various attributes of the vulnerability, including its ID, class, CVE number, and affected systems.
