Cumming School of

- The University of Calgary Faculty of Medicine was founded in 1967 and renamed the Cumming School of Medicine in 2014. It is one of two medical schools in Alberta and one of 17 in Canada . The faculty and Medical school are affiliated with hospitals in Alberta Health Services, such as Foothills Medical Center, Alberta Children's Hospital, Rockview General Hospital , and Chinook District Hospital . The Faculty of Medicine has 486 medical students (UME), 767 residents (PGME), 190 graduate students (PDF) and 491 graduate students. It is one of two three-year medical schools, as well as the McMaster University Medical School in Canada. Additionally, the University of Calgary Cumming School of Medicine offers a Bachelor of Medical Sciences degree and a Bachelor of Community Rehabilitation and Disability Studies

Doctor of Medicine Programmicipedia

- The Doctor of Medicine program was founded in 1970. One of two fully accredited medical schools in Canada that offers a three-year MD program. The program is structured in such a way that clerk training is taught year-round without long summer breaks (as is usually the case in four-year MD programs). This structure makes it possible to shorten the duration of the preparatory part of higher medical education without limiting the amount of medical knowledge necessary for students to be competent before they enter the clerk phase of the

Institutes

- Thematic institutes have been established between the Faculty of Medicine and Calgary, which support and implement the vision and mission of these two organizations. From a philosophical point of view, the institutes cover activities in all three areas: education, research and assistance.
- Currently, there are seven institutions, which are defined as follows:
 - McCaig Bone and Joint Health Institute
 - Hotchkiss Brain Institute
 - Calvin, Phoebe and Joan Snyder Institute of Infections, Immunity and Inflammation
 - Alberta Children's Hospital Research Institute for Child and Maternal Health
 - Libin Institute of Cardiovascular System in Alberta
 - Arnie Charbonneau Cancer Institute
 - O'Brien Institute of Public Health
