

MY FUTURE PROFESSION

the presentation was made by Maxim Popov

*NOWADAYS THERE ARE
THOUSANDS OF PROFESSIONS,
AND IT IS ALMOST IMPOSSIBLE
TO CHOOSE THE BEST FOR YOU
. BUT WHEN I GOT ON THE
PLANE FOR THE FIRST TIME, I
REALIZED THAT I WANTED MY
LIFE TO BE SATURATED WITH
FLIGHTS.*

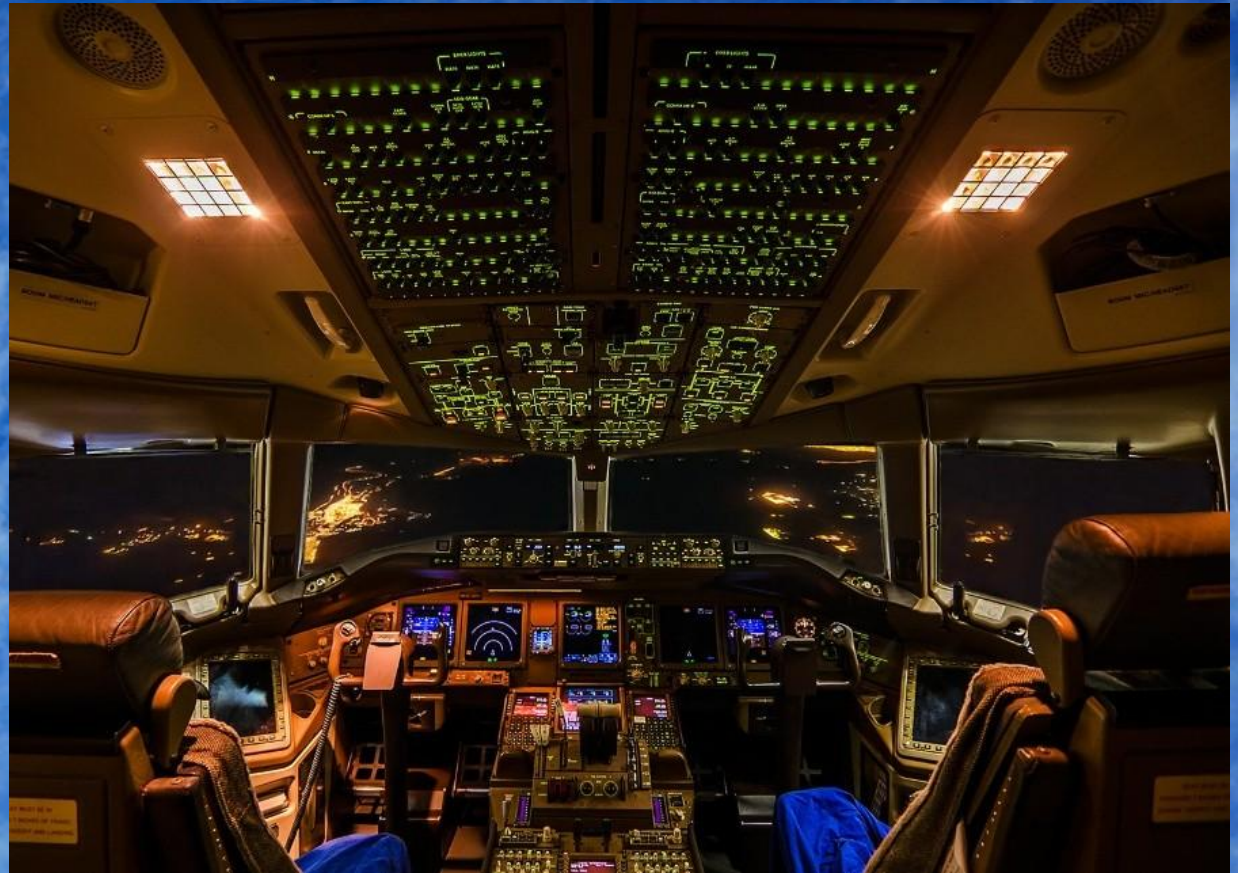

SOMETIMES I THINK , I JUST CAN TRAVEL AROUND THE WORLD AND GET THE SAME UNIQUE EMOTIONS FROM TRIPS, AND FOR THIS I DON'T NEED TO BECOME A PILOT AT ALL.

BUT IT'S NOT JUST A WISH, IT'S A REAL DREAM, I DON'T WANT T JUST TO GO INTO THE PASSENGER COMPARTMENT EVERY TIME, I FEEL THAT THIS IS NOT MY LIMIT.

PILOT?

First of all, I will receive unforgettable emotions. Besides, I often imagine how I fly a plane, admire the beauty of this world and just enjoy the calm atmosphere.

*WHEN WE HEAR THE WORD
A PILOT, WHO DO WE
IMAGINE IN OUR HEAD?*

*This is primarily a very presentable, serious,
confident man, isn't he? I also want to look
the same.*

WELL, SINCE I HAVE SAID ABOUT THE PILOTS AND THEIR APPEARANCE, HOW COULD I NOT MENTION THE EXCELLENT CREW ON BOARD? I WOULD REALLY LIKE TO BE A PART OF SUCH TEAM.

HAVE YOU BEEN THINKING ABOUT BECOMING A PILOT, BUT YOU'RE CONCERNED WITH HOW MUCH PILOTS ARE PAID? FOR THE RELATIVELY SMALL INVESTMENT YOU MAKE IN FLIGHT TRAINING, THE FINANCIAL REWARDS OF A PILOT'S PAYCHECK ARE MORE THAN SUFFICIENT

PROS OF A PILOT CAREER

1. *The necessity and relevance of the profession.*
2. *The uniqueness of the profession, it is considered one of the most prestigious around the world.*
3. *The ability to travel endlessly.*
4. *Special programs and discounts for pilots and their family members.*
5. *Early retirement.*

CONS OF A PILOT CAREER

1. *Frequent absence from home, which negatively affects family life. One or two days off a week, often falling on weekdays, while your family is at work.*
2. *Irregular working day.*
3. *An endless change of time zones, a confused rhythm, which leads to stress and fatigue, which are the main enemies of the pilot.*
4. *Colossal emotional stress.*
5. *It is considered one of the most dangerous professions due to the periodic plane crash.*

*IN FACT, A PILOT IS A
VERY IMPORTANT
PROFESSION, MILLIONS
OF PEOPLE TRAVEL
AROUND THE WORLD
EVERY DAY, AND AN
AIRPLANE IS NOT JUST
CONVENIENT AND FAST,
IT IS QUALITATIVE AND
SAFE. I HOPE I WILL
SUCCEED AND I WILL
BECOME A PILOT*

THANK YOU FOR YOUR ATTENTION !
