

The background image shows a lush aquarium environment. In the foreground, there is a layer of white gravel. Several dark, layered rock formations are scattered across the scene. A small, light-colored ceramic pot with a handle and a small opening sits on the gravel. The background is filled with various green plants, including a large, feathery green plant on the left and several broad-leafed plants on the right. The overall lighting is soft and focused on the central elements.
