

My favourite TV programme

Many people watch TV at leisure. One can choose the programme one likes best. Those who like music can listen to various concerts. Sport fans can watch football or hockey matches. Television extends our knowledge about the world in which we live. Millions of people can see different lands, new plants, unusual animals and birds, mountains and valleys.

My favorite TV show is Voice. It is a singing competition. There are four coaches. They listen to singers without seeing them, and turn their chairs to signify that they are interested in working with that artist. If more than one coach turns the chair, the artist chooses the coach. It is so interesting. The coaches sometimes can't understand if it is a woman or a man singing. Or they think that it is an old man, then turn their chair and see that it is a young woman. There you can see many talented people. You think this show is a good chance for talented people. I like this show very much.
