

STEP 1: “PREPARE”

Isolate the first 4 letters of each word of your seed phrase - You only need the first 4 letters of each word to restore your BIP39 seed phrase

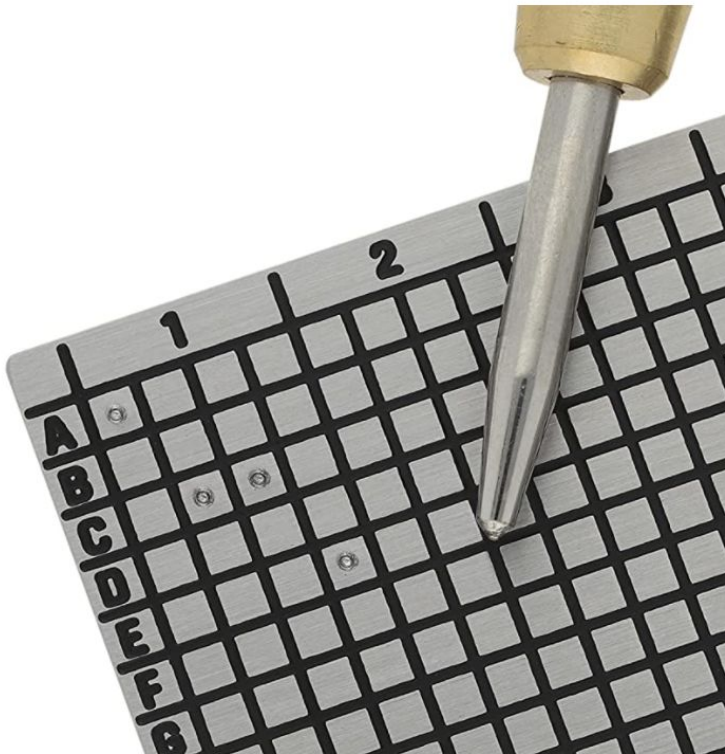

STEP 2: “PREPARE”

Using a marker, mark the 4 first letters of each word of your seed-phrase on the metal plate, then carefully review each word.

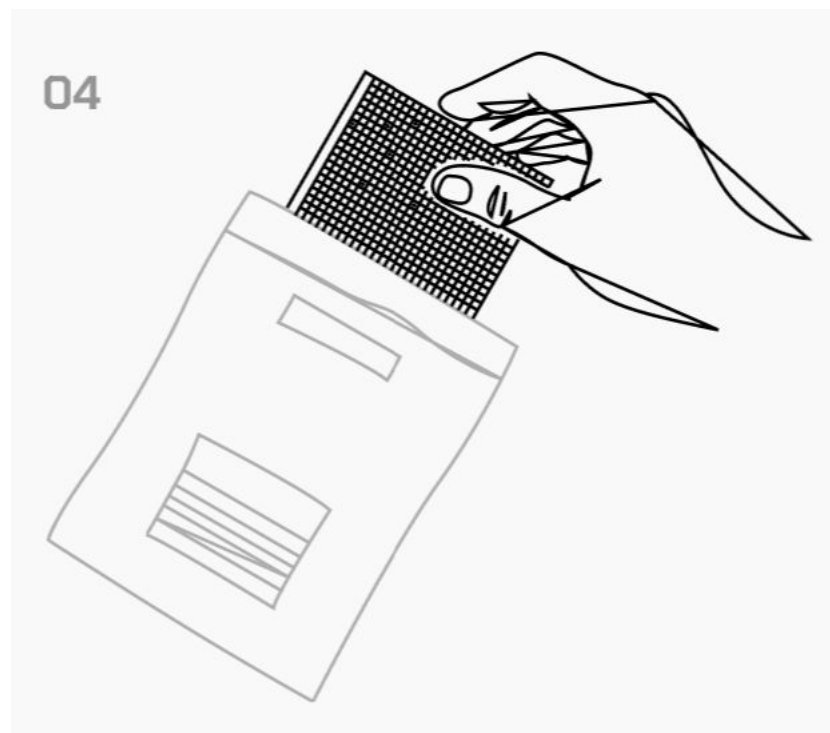

STEP 3: “PUNCH”

Place the provided center punch carefully on each marking, and punch each letter of your seed phrase

STEP 4: “STORE”

Store your CVER STEEL securely in the provided tamper proof bag, away from prying eyes.

GENERAL INSTRUCTIONS FOR ARTEM

- Feel free to ask any questions if you do not understand a step
- You can use simple and minimalist instructions to show each step
- You can get inspired from the style of illustrations below:

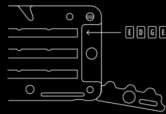

Step 1

Open the Billfodl. Using a tile, screw driver or coin, turn the top screw so that the groove is horizontal. Press down with the tile on the bottom spring lock. While the spring is depressed, pull the gate open.

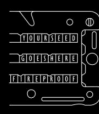

Step 2

Slide in the first 4 letters of each of your words.

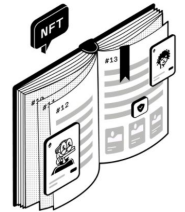

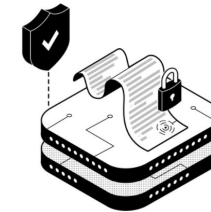

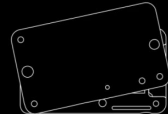

Step 3

Close the gate by turning the top screw so that the groove is vertical. Push the bottom spring lock back into place.

Step 4

Repeat the same process on other side of the Billfodl with the remaining 12 words. Close the Billfodl and place it in a safe place
