Module 4

*The module4 is about
mysterious events,
places and creatures*

Starlight 8 Module 4

Which three mysteries impressed you the most?

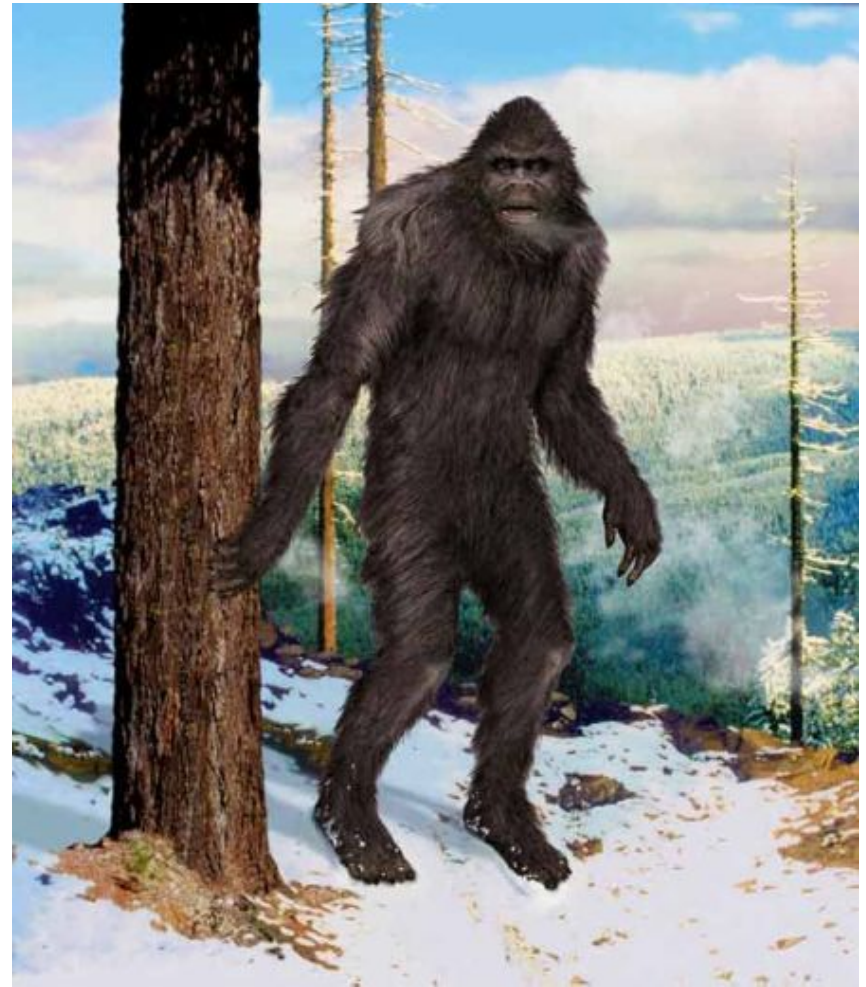

Stonehenge
(Wiltshire, England)

It **was built** between 3100 BC and 2800 BC.
The reason is still unknown.

Bigfoot

Many sightings of a large hairy ape-like creature **have been reported** in the Pacific Northwest, but no real proof exists

Apollo 13

The spacecraft **was launched** on 11th April, 1970. Two days later the oxygen tank exploded. The crew returned safely to Earth on 17th April, 1970.

Roswell UFO incident

In 1947, an extraterrestrial spacecraft was reported **to have crashed** in New Mexico and its alien crew **was captured**.

the Bermuda Triangle

Located in the western part of the North Atlantic Ocean, the region **is known** for mysterious disappearances of aircraft and ships.

JFK's assassination

The 35th American president **was assassinated** in November 1963. To this day, no one is sure who killed him and why.
